Discover sailing in silence

Sun's warmth on your face. Turquoise waters expanding out flat, smooth, gleaming mirror-like. Sails down. No wind. No sound apart from the waves gently lap lap-lapping, as your catamaran glides towards the next dream cove.

Discover a world of sailing in silence.

Discover 'E'.

'E' for exploration, excitement, and electricity...

Embark on your first voyage where you can truly enjoy and immerse yourself in your natural surroundings. 'E' offers an exclusive luxury sailing experience that runs entirely on electricity. Responsible boating that is abundant in comfort, elegance and dependable performance. The reality of paradisiacal journeys where nothing will disturb you or your environment. Only pristine waters. Lungfuls of fresh air. Peaceful stillness. And complete utter silence ...

'E' for ease, elegance and exclusive experience...

Let us welcome you onto the expansive aft-deck, indulge your senses in a champagne sunset, sipped from hand-cut crystal glasses. Let us treat you to our culinary creations, a bespoke menu specially designed for your tastes, complete with French titanium tableware. Tread through the spacious interiors, opulent and sleek in handcrafted and couture detailing: Burmese teak flooring, Carrara marbles, flush surfaces - all complimented by a stylish and soothing palate of dark blue and metallic grey tones. After a full day of heavenly explorings, indulge in a Lalique-fragrant bath and sink into our Missoni fabrics for a refreshing night in one of 'E's four en suite guest cabins... No compromises.
