If you desire the ultimate yachting experience, look no further than FIREBIRD. Her young, energetic crew know just how to create the ultimate memories, counting water Olympics, diving expeditions, jetski safaris and beach picnics among their repertoire of adventures. All these activities and more can be accessed from FIREBIRD's stern swim platform, with its double ladders that reach into the sea, and captured on video by the onboard drone operator. Such a schedule can prove tiring for even the most adventurous of guests. Lucky then, that

FIREBIRD can accommodate up to 12 charter guests in six light and spacious cabins. The magnificent split-level master suite is situated on the main deck, and has a separate office/library, dressing room, his and hers bathrooms and a stunning mezzanine vista lounge offering spectacular forward views and opening out onto private foredeck seating and sunbathing areas. A spacious VIP stateroom is found on the bridge deck and four additional cabins - two doubles, one twin and one convertible double/twin, each with an additional pullman bed – are found on the lower deck.
