Previously privately owned, this delicate and pristine 47m, Heesen joined the charter market in 2018. With an immaculate look due to her latest refit in 2021, M/Y LUISA owes her minimalist and elegant Interior design to Ivana Porfiri. Her quality design, products and professional crew are sure to propose a service of standard that reflects LUISA's nature, offering a luxurious as well as relaxed living environment. This floating palace offers the possibility to accommodate up to twelve guests in five different ensuite cabins. Located at the

front of the main deck, her master cabin will leave you speechless, big enough to present a private office, this cabin will leave the charter party fighting for a go! Her ensuite bathroom is fully equipped, and her jet boost shower is an experience guaranteed. The three decks of motor yacht LUISA are joined by a beautiful and imperial brick spiral staircase which leads to the lower deck where the four remaining cabins can be found. Two double cabins with queen size beds at the front of the yacht, and two twin cabins with single beds and a pullman suitable for adults at the aft of the vessel; all the cabins present identical graceful, sober interiors and are paired with generous ensuite bathrooms. Her remarkable interior living area is completed by a full list of water toys. On this vessel, the size and proposed experience are not at the expense of the speed: with a cruising speed of 13.5 knots and a maximum speed of 20 knots. Motor Yacht LUISA is directed and maintained by nine international crew members who provide exemplary service, they are all well trained to the highest safety standards.
