Medusa is a 68' luxurious motor yacht, built by Azimut in 2005 and fully refitted in 2019 that is available for charters in Greece.

She accommodates comfortably in her 4 elegant cabins, all with en-suite facilities and a/c, up to 8 guests. Medusa features cozy and relaxed lounge as well as dining area.

The experienced and dedicated crew of 3 will welcome guests on board and will make their trip on board unforgettable.

The essence of a Luxury Charter is the flexibility and independence a crewed yacht allows; a holiday on a luxury yacht represents freedom-either to relax, or go where the

action is.

It is up to her guests where they want to go and how long they will stay there; whether staying in one favorite spot and simply taking advantage of 5-star Luxury living space of the yacht, or plan an adventurous itinerary and wake up to a new view every morning.

In Greek mythology, Medusa was considered to be a beast and one of the three mythical Mermaids who had the ability to petrify whoever looked at her even after Perseus beheaded her. In modern times her name was given to an asteroid and the image of her head has become a famous symbol!
