---

Project Steel is our amazing Bugari 112, a motor yacht available for crewed charters throughout Greece. Featuring 5 cabins with en-suite facilities she is perfect for larger groups of up to 12 guests. In 2013 an ambitious project was conceived to restore the super yacht "Miss Danna", designed by naval architect Vincenzo Ruggiero and built by Bugari shipyard to her full glory, then man her to the highest standard so as to turn her into a point of reference in luxury yacht charters! Following the refit, the renamed Project Steel is a truly

majestic yacht offering smooth and quiet cruising as she effortlessly traverses the Greek seas. In 2019 the project was continued with a full hull conversion including a 4 meter extension and a new vertical bow. The yacht is now state of the art even for today's standards as all new trends of naval design have been implemented in the hull. All new teak decks, all new exterior furniture and cushions and painting of hull and superstructure where also done bringing the yacht to "as new condition". Families and groups of friends of up to 12 guests will comfortably accommodate themselves in 5 luxurious cabins, enjoying her lavish, spacious interior and ample exterior space and enjoying the 5 star services of a truly professional crew - a perfect combination for an unforgettable cruise in Greece!

# KEY FEATURES

- 1** Exterior rebuilt in 2019 / Interior Refit in 2020
- 2** Playroom convertible to double cabin on main deck
- 3** Low fuel consumption
- 4** Underway stabilizers
